

BUTLER UNIVERSITY

PURDUE
UNIVERSITY

We are pleased to announce the 1st Annual

Crossroads Classic Analytics Challenge

January 4 - January 18, 2021 • Hosted on Kaggle.com

Co-sponsored by Teachers Credit Union, Butler University, Indiana University, Purdue University and the University of Notre Dame

Sharpen those predictive modeling skills and get ready to welcome data into your quarantine bubble:

- For university students of all levels who are currently enrolled at one of the aforementioned schools
- Comprised of two divisions:
 1. "Undergrad" division for Undergraduate teams only
 2. "Open" division for both Undergraduate and Graduate teams
- Teams must consist of 2-4 students from the same school
- Finalists will move to Round 2 for the final round of judging in late January
- Total cash prizes will be \$15,000, with awards to the first and second place teams in each division

More info coming soon!
